George Will calls it, "The Bible of American politics."

You'll call it the most revealing and entertaining political source you've ever seen. Examine it free for 30 days and see for yourself.

THIS is the book that will change the way you think about elections, elected leaders, politics ... forever.

Here, in one rich, entertaining, absolutely uncompromising source is the deep-down bedrock TRUTH about 585 elected leaders -- every governor, senator and representative in America, including yours!

The 1992 ALMANAC OF AMERICAN POLITICS is a genuine original. It has no peer. Columnist George Will calls it, "the Bible of American politics."

Little wonder. The ALMANAC is the one source everyone refers to. Because

obfuscated, covered-up, glossed-over or just obliterated. It's almost unfair!

The ALMANAC gives you what you want and need—but rarely get. Straight answers. How does your representative really vote on key issues? How much money do your senators really accept from PACs? How do special interest lobbyists really rate your senators? It's all in here!

The 1992 ALMANAC is a fascinating journey into the heart and soul of American politics. Vivid, colorful narratives, with rich, historic perspective, take you to every state and congressional district—all 435 of them. You'll travel the highways and backroads into the cities and towns where dreams are born and careers forged.

It's a startling, textured portrait of the American people. How we choose our leaders—and why. From the bayou parishes of Louisiana to the factory wards of Detroit to the ivory tower enclaves of

Cambridge, you'll see how cultural attitudes and status have become the leading predictors of political preference in the '90s.

There's no other source remotely like the ALMANAC OF AMERICAN POLITICS. Nothing else uncovers the truth -- or provides such a rare, crystalline view of the men and women who lead us.

For years, the ALMANAC has been a well-kept secret -- jealously guarded by the journalists, lobbyists and Washington insiders who feast on its intimate revelations. Now the secret is out. Now you can have a copy of the most revealing political source in America at our special, examination discount: \$12 off the hardcover bookstore price, \$5 off the softcover.

SURPRISING ANSWERS TO UNUSUAL QUESTIONS:

- ★ Which state will doom Democratic presidential hopes in 1992?
- ★ Who gobbled up the most PAC money in the Senate? In the House?
- ★ Why do many consider it a blessing that so few Americans vote?
- ★ Which state is most hawkish? Most dovish?
- ★ Why did Speaker Tom Foley once vote against himself?
- ★ Where is U.S. voter turn-out highest? (Hint: It's not in a U.S. State.)
- ★ Which state has the highest tax burden? The lowest?

the ALMANAC reveals what politicians do. In shrewd, candid profiles you'll find out who your legislators are (the incumbents and the newly elected), what they stand for, how they got elected, and how they'll affect local, state and national issues.

This truly is the good stuff. Cold, hard facts on career history, voting records, committee assignments, campaign finances, interest group ratings and more! Nothing that can be denied, camouflaged,

YES!
